25X1 [] Comment. All figures as received.

25X1 [] Comment. The 1951 to 1955 import plan for essential products indicated a 1953 rubber importation of 3,200 tons. The tabulation indicates that the import quota has been increased to 3,700 tons. As compared with a total plan quota of 3,300 tons, comprising 100 tons stored in the beginning of the year and 3,700 tons scheduled to be imported, the distribution plan quotes only 3,315 tons. No information is available on the use of the balance of 435 tons.
